HOTEL CAROLINA WHICH WAS BURNED THURSDAY

THE CAROLINA AT DURHAM.

[Special to The Times-Dispatch.]
DURHAM, N. C., May 3.—The Carolina Hotel, one of the most costly in the South, which was completely destroyed by fire last night, entailed a loss estimated at \$100,000. The origin of the fire was on the third floor, and is believed to have been caused by a lamp. Another theory of the origin is that a lamp exploded in one of the guestrooms. The wood structure burned rapidly, and when discovered had gained considerable headway. Although the firemen fought desperately to save the building, it was to no avail.

Mr. Paul C. Colcomb, a traveling man from Cleveland, Ohio, had an interesting experience. He was one of the guests that did not hear the alarm, and says that he was dreaming that the hotel was being destroyed by fire, and that he would lose his money and clothing. He suddenly awoke to find his room full of smoke. He became excited and ran to the head of the stairs, and found it was possible for him to return and get some of his clothes and money, and attempted to do so, when he got in the wrong room. The flames were then spreading from all directions, and he almost succumbed to suffocation from the smoke. With the assistance of the firemen he was rescued, and stated most emphatically that the dream saved his life. He was traveling with Mr. Link, who was another that barely escaped. Unfortunately at the time of the fire he was quite sick, and the firemen were compelled to carry him on his bed from the burning building. The guests on the first and second floors had ample time to get their valuables and clothing and rendered assistance to others less fortunate.

The Carolina was the property of General Julian S. Carr, and was erected in 1883. For several years it has been under the management of Mr. Apollonius Cobb. The interior decorations were fine and costly. The hotel was a favorite with traveling men, and had a large local patronage.

An insurance approximately \$75,000 was carried on the hotel and furnishings. It has been learned that the guests' loss will amount to several thousand dollars. One man on the third floor in his flight for safety left behind as much as \$500 in cash. It is also stated this morning that the hotel will be rebuilt by the former owner, General Julian S. Carr.

He will speak on "The Investigative Judgment Preparatory to Christ's Coming."

Y. M. C. A. SCHEDULE.

Dr. Moment Will Address Big Men's Meeting.

The past two Sundays have witnessed the largest Y. M. C. A. meetings in years, and the prospects are that the record for May will surpass that of any other month. Rev. A. H. Moment, D. D., pastor of the First Presbyterian Church, Raleigh, N. C., will be the speaker to-morrow afternoon. His theme will be "Practical Lessons from the Bible." Mr. Moment is one of the most eloquent speakers of the South. The meeting will be held in the big hall of the International Bazaar Association, and will be opened with an illustrated song service at 3:30 o'clock. Owing to the fact that the boys' Sunday afternoon club will use the hall at 2:15 o'clock, the doors will not open until 3:15 for the men's meeting.

There will be a big meeting for boys in the association hall at 2:15 o'clock. Mr. N. C. Scott will be the speaker, his theme being "Facts and Fables." The meeting will be illustrated by pictures from the canine kingdom.

The younger young men's meeting will be held at 8 o'clock in the music-room, and the Gymnasium Bible Study Club will meet at 3 o'clock. The Conversational Bible Study Club will meet at 7 o'clock. The International Sunday-School Lesson at 5 o'clock, in the boys' department rooms, with General Secretary McKee in charge of the study. The lesson for the evening will be "Joseph Forgives His Brethren," the international lesson for Sunday, May 12th.

"Next Friday will be 'home night' at the association building. The boys of the gymnasium, night school, Bible Study Club and Sunday Afternoon Club are invited to bring their parents, brothers and sisters. There will be a big time in the gymnasium and out of the gymnasium, with games, contests, pictures in the dark, and something else.

On Friday, May 17th, the night school exercises will be held at 8 o'clock and Saturday, May 18th, the eleventh annual moonlight excursion will be run to Dutch Gap and return. The excursion has been fixed for this date in order that association members and friends may have an opportunity to entertain their visiting friends of the great Baptist Convention. The boat will leave the wharf at 8 o'clock and return at 10:30 o'clock.

STRAWBERRIES FOR CAROLINA EXHIBIT

Secretary Bruner Arranges to Have Some Nice Ones at Exposition.

BACK AMID OLD SCENES

Superintendent Joyner Goes to La Grange to Deliver Address at Closing of Schools.

[Special to The Times-Dispatch.]
RALEIGH, N. C., May 3.—Secretary T. K. Bruner, of the State Department of Agriculture, returned this morning from a trip to the trucking section of Eastern Carolina, in search of strawberries for the North Carolina exhibit at Jamestown. He arranged for some very fine specimens, which will be specially prepared for the exhibit. He says that at present the crop is not more than 25 per cent, as compared with the yield for the same period in previous years, this being due to the recent cold and subsequent dry weather. However, he thinks the rains of the past few days will bring out blooms in abundance that will mature berries. All depends on how widespread in other sections the killing frosts were as to whether the Carolina growers are to receive profitable prices. The market now ranges about \$3.50 per crate of thirty-two quarts. They have sold at \$4 and \$5 this season.

Fine Farm Lands.

State Auditor E. F. Dixon, returned from Folkland this morning, having delivered an address there yesterday at the close of the schools. He was delighted with crop prospects in the sections of Pitt and Edgecombe counties, through which he travels, and declares that he had rather have a farm in either of these counties than in the much-talked-of farming sections of Texas, Mississippi, or elsewhere.

The High Point Aerial Wheel Company was chartered to-day, with \$50,000 capital, by F. E. Thomas and others, to make aerial wheels and sell State rights for the sale of them.

Superintendent Giles, of McDowell county, writes State Superintendent Joyner that three out of four special tax elections have just been carried.

State Superintendent Joyner left to-day for La Grange, the scene of his boyhood days, to deliver the address for the closing of the public schools, a \$15,000 building having been erected on the site of the old La Grange Academy, where Mr. Joyner was prepared for college. As an illustration of the changed conditions, Mr. Joyner mentioned that he walked three miles to the academy and paid tuition, while the children of the community now get their college preparation without cost.

COMPLEX CASE.

Blake Sues Southern for Injuries Received.

[Special to The Times-Dispatch.]
RALEIGH, N. C., May 3.—The trial of the damage suit of J. M. Blake vs. Southern Railway Company was begun in the Wake Superior Court last evening, and will require some time to dispose of it. Blake was in the employ of the Raleigh and Southport, which uses the Southern tracks in coming into Raleigh. Blake was helping to ship a Southern train when a Raleigh and Southport engine crashed into it and injured Blake. Later he signed a full release to the Raleigh and Southport and resumed work for the company. Now he sues the Southern, claiming that he was in the service of the Southern at the time, in that, with the consent of both companies, laborers of his class relieved each other for the two roads.

A Friend in Need—Always with You.

When you have Heartburn, Colic, Coated Tongue, Suspected Breath, Acid-rising-in throat, Gas-belching, or an incipient Cold, take a Cascaret.

Remember, all these are not merely Discomforts, but indications of a serious Cause.

Nip them in the bud—eat a Candy Cascaret. Cascarets don't purge, nor punish the stomach like "Bile-driving" "Physics." They act like Exercise on the Bowels. Muscles that propel Food, and that squeeze the natural Digestive Juices of the body into Food.

Cascarets ward off, or cure, the following diseases:

Constipation	Dad Death
Biliousness	Headache
Indigestion	Diarrhoea
Dyspepsia	Flatulence
Torpid Liver	Faundice
Appendicitis	Nausea
Colic	Vertigo
Worms	Furples
Piles	Blotches

In such cases a little Cascaret in time is worth fifty dollars worth of Treatment later on, to say nothing of the suffering, discomfort, loss of Business Energy, and loss of Social Sunshine it saves.

Headaches, Heartburn, Gas-belching, Acid-rising-in the throat, and Colicky feeling are sure signs of bowel trouble from food poisons, and should be dealt with promptly.

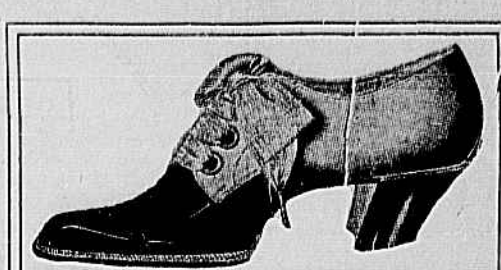

One Cascaret will stop the coming trouble, and move on the Bowel load, if taken at the first signs.

Don't fail to carry the Vest Pocket Box of Cascarets with you constantly.

All druggists sell them—over ten million boxes a year.

Be very careful to get the genuine, made only by the Sterling Remedy Company and never sold in bulk. Every tablet stamped "CCC."

WILSON, N. C., May 3.—The receipts at the Wilson post-office for April amounted to \$1,433.19, the largest in the history of the local office for that month. The tobacco sales this season approximate 15,000,000 pounds, which brought an average price of nearly eleven cents.

Mr. W. J. Boykin has purchased the controlling interest in the Wilson Ice and Refrigerating Company. Mr. Boykin was already a large holder in the company, and now practically owns same.

HAUSERS GET JUDGMENT.

Lawsuit, Which Has Been Pending Years, at Last Settled.

[Special to The Times-Dispatch.]
WINSTON-SALEM, N. C., May 3.—A law suit, which has been pending for years in Yadkin county, terminated to-day when the court granted the Hausers a \$150 judgment against H. H. Henderson and others. The basis of contention was several hundred acres of land surrounding and including a part of the village of Shore. The land, which is now in the possession of the defendants, was transferred more than fifty years ago by an ancestor of the Hausers, and the plea of the plaintiffs was in regard to some technicality of the will in which the land was given to that ancestor, whereby it had to descend to the heirs.
